Nationwide IT Solutions Provider To Offer eFileCabinet Through Its Network of 100 Franchise Partners

PROVO, Utah and AUSTIN, Texas, July 1 /PRNewswire/ -- eFileCabinet, an innovative global provider of electronic document management systems and CMIT Solutions, a leading provider of IT consulting and support services today announced their strategic reseller partnership. CMIT Solutions has recently added eFileCabinet software to its lineup of service offerings, providing franchise partners the opportunity to offer advanced paperless technology to their customers.

The partnership provides CMIT Solutions customers with access to eFileCabinet's industry leading electronic document software. The product will serve as a valuable extension to CMIT Solutions service offerings. CMIT Solutions sales and support teams have received hands on training and comprehensive tools to sell and support eFileCabinet nationwide.

"With more than 100 franchise partners across the United States, we've learned a great deal about what technologies work for our customers," said Georgia Jones, founder and senior vice president of franchise services for CMIT Solutions. "Partnering with eFileCabinet provides an opportunity for us to offer our customers an affordable, easy to use paperless system, while delivering a significant value-add when combined with our suite of support and consulting services."

"We are pleased to welcome CMIT Solutions as a strategic partner," said Matt Peterson, CEO of eFileCabinet. "This alliance builds on the strengths of both companies, enabling CMIT Solutions to provide a winning combination of electronic document management technology and world-class IT support services."
