

# Tomball resident keynote speaker

■ Joe Nichols Jr. describes his own success against all odds

Tomball resident Joe Nichols Jr. delivered the keynote address at the CMIT Solutions annual conference, held recently in Orlando, Fla.

Nichols, owner of a freight logistics franchise, addressed the gathering of CMIT franchisees, partners and vendors, delivering a message on how to achieve success against all odds.

He shared his own story of how, despite a car accident at the age of 20 that left him paralyzed from the neck down, he managed to graduate from college and become an entrepreneur and civic leader.

CMIT Solutions is a nationwide franchise and leading provider of information technology services to small businesses.

Nichols is a friend and client of Camille Hamilton, owner of CMIT Solutions of Northwest Houston Suburbs.

"A company like Joe's depends completely on the smooth functioning of its IT resources, so we take our commitment to him very seriously," Hamilton said.
